FEATURES AND NEWS

Introducing TV+

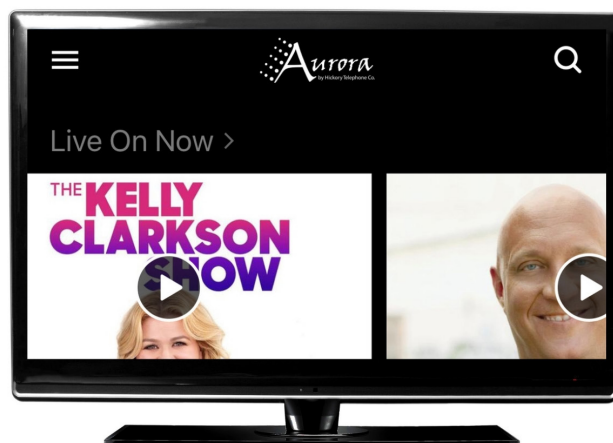

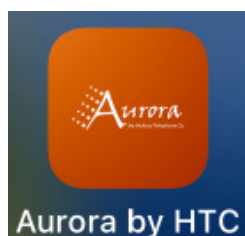

Switch to TV+ for a new kind of TV experience.

TV+ allows you to watch on your TVs, as well as your devices without the need for multiple set top boxes. This allows you to save money because there is no need to pay for extra boxes.

TV+ operates by connecting to the Aurora app, which can be downloaded from the app store.

Bundles start at \$99 / mo.

Visit www.hky.com or call 724-356-2211 to learn more about TV+.

TV+ subscribers will have access to Video On Demand (VOD) as well as 100 hours of DVR recordings!

TV+ includes an expanded lineup of over 300 Tivo+ channels*

All TV+ packages include one set top box (included in the package price). Additional boxes are not necessary but may be rented for \$3/ mo. Set top boxes connect to our app automatically and include a remote with a number key pad.

*Some Tivo+ channels are only accessible through the Aurora TV+ set top box.
